Ovatures

egg donation program

Help another woman today.

Ovatures is actively seeking young, healthy females between the ages of 21 and 31 who have a desire to help others begin a family.

It takes a special person to become an egg donor and requires a commitment of time, energy, and compassion. While you'll be compensated for your time helping another woman become a mother is the best compensation.

Once you've begun the process it can take several weeks from your initial application, health screening, to meeting with Ovatures team, and matching you to a recipient who is desperately waiting for someone like you to take the first step to something bigger.

Who are Egg Donors?

- We are young and healthy and strong.
- We want to help other women.
- We believe in families, and want to help others have them.

If you, or someone you know, is interested in Ovatures please contact us at (973) 871-1250 or www.ovatures-eggdonation.com

"We are confident in our bodies, and want others to have that confidence, too."

H.G.
- Donor

"We get joy from helping others in a very personal way."

P.K.
- Donor

"We know this is a way that everyone wins."
